Brainy Builders (K-4th): With our guided program children learn the fundamentals of math and physics as they play. We offer a variety of fun & engaging, age-appropriate projects for beginners all the way to advanced builders (grades K-4). Using creativity, teamwork, and problem solving, students learn through building and testing machines and structures created with Lego and K'nex kits not available in stores. Every new project features thought-provoking themes like simple and motorized mechanisms, outer space, transportation, traveling, and community. For our advanced builders (grades 3 and 4) projects involve construction and software programming providing movement to their Lego models while learning logic, sequencing and problem solving. Each of our advanced building activities provides a challenging series of STEM activities. Online registration at www.playinonpurpose.net. Email janel@playinpurpose.net or 678-549-0549.

Cakery Club (K-2nd): This club will focus on techniques with frosting, fondant, modeling chocolate and more! They will decorate cupcakes, cakes, cake pops and cookies. There will be a decorating challenge at the end!

Cobb Soccer Academy (2nd-5th): The Cobb Soccer Academy is designed for soccer players of all levels and abilities. The academy will be centered around developing players according to their stage of development and offering hands on training. Sessions will focus on teaching technical skills such as moves, dribbling, passing, receiving, and shooting. The focus will also be on teaching the attacking and defending principles of play. Online registration at www.cobbsocceracademy.com.

Imagine That! Sew Exciting (2nd-5th): Every fashion designer needs their breakthrough and Imagine That's Sew Exciting class will tap into your child's creativity, individuality and talent as a fashion designer! Students will learn how to find their own artistic style as they learn the basics of sewing, pattern making, working with fabrics and textiles, as well as fashion illustration and design. Each day will be an exciting creative journey as students design unique works of art they get to wear and show off to their fellow fashion enthusiasts!
